

Chinese M.Ed. Program

2025
Spring

About The Program

CIU Chinese M.Ed. program is tailored for its intended learners, and its curriculum is presented in bilingual materials. Students can specialize in Educational Administration, Instruction and Learning, and/or Early Childhood Education. The CIU Education Programs are accredited by the Higher Education Accreditation Program (HEAP) of the Association of Christian Schools International (ACSI). Graduates can apply for ACSI teacher or administrator certificates upon meeting specific requirements.

Purposes

The program equips educators to think, teach, and lead biblically in educational settings worldwide. We aim to:

- Prepare Chinese Christian educators (teachers, administrators, and early childhood educators).
- Provide a learning environment with models, growth experience, and communities of practice.
- Help students become involved LEARNERS, effective PRACTITIONERS, and authentic PROFESSIONALS.
- Communicate what candidates from the Professional Education Programs should know, be able to do, and value.
- Enable students to think carefully, discern, and create an effective learning community.
